Porter County Republicans The Eagle Eye

Volume 4, Issue 12

December 2021

Chairman's Comments

Fellow Republicans —

As difficult as this year has been for so many Americans, many of us have still been privileged to share Thanksgiving with family and friends and to experience again the joy of being together as the magic of the holiday season is upon us. The future is still troubled, of course, but sharing time in giving thanks for all we have is a sound reminder of the many blessings we have because of the liberty and hope inspired by our American democracy.

As a nation founded on the doctrine of freedom of religion, it is also a privilege to share the joy and comfort of the many positive religious beliefs and customs expressed in our multi-cultural nation at this time of year. We extend our best wishes to all, including those celebrating the following:

Happy Hanukkah! Hannukah is a Jewish celebration of the “festival of lights” that celebrates the reclaimed Holy Temple in Jerusalem. We want to wish all our friends of the Jewish faith a very happy Hanukkah!

Happy Kwanzaa! Kwanza is a celebration of the African American culture which is based on African harvest festival traditions from various parts of Africa. We want to wish all our African American friends a joyous Kwanzaa!

Merry Christmas! The Christmas season is a time when Christians renew their faith and traditions and remember what this holiday season is all about. For those of us who follow this path, it is a time for giving of ourselves to help others in our community, a time of sharing our love, happiness and joy and spending time with family and friends. Merry Christmas!

Happy New Year! We are only weeks away from a very New Year, 2022, with the opportunity for positive and effective change in our community and our nation. Based upon Republican principles and ideals as reflected in our constitution, including our commitment to individual liberty, personal responsibility, free speech and limited and fiscally responsible government that answers to the voters. We hope everyone in our sacred American Republic will have a very happy and joyous New Year as we work together to protect and defend our nation and our shared values. Happy New Year!

To reinforce these expressions of joy and thankfulness, please join us at the Porter County Republican Party, Christmas Party on Thursday, December 16th at Old Town Banquet Center, 711 Calumet Ave., Valparaiso. The doors open at 6:00 p.m. with a buffet dinner. Cost is \$25.00 per family or \$15.00 for individuals. Please RSVP Kenard Taylor at either kentaylor306@gmail.com or (219) 242-1570. Please provide the ages of the children attending. Also, we are collecting canned goods and dry goods for the Hilltop Food Pantry.

On behalf of the Porter County Republican Party, please accept our best wishes for this holiday season and may the joyous spirit of the season be with each of you.

Michael Simpson, Chairman
Porter County Republican Party

Racist Joe Biden Bans Travel From Africa

Politics

November 26th, 2021 - BabylonBee.com

WASHINGTON, D.C.—Americans are appalled after learning the racist President Biden has banned travel from 8 African countries.

"If you are able to travel freely to America, then you ain't black," said Biden. "We have a new COVID variant or something like that. All the Africans have gotta stay out."

Voters are reporting that they are devastated to learn Biden is just as racist as Trump was when he restricted travel from China. Just like when Trump did it, Biden's racist travel ban is obviously an attempt to keep people of color out of our country while using COVID as an excuse. Sad!

Civil rights groups and various liberal organizations have not yet come out and condemned the racist, xenophobic travel ban as they did during the Trump travel ban. This is probably just because they forgot, or maybe they had too many Thanksgiving leftovers and fell asleep.

Experts estimate that between 3 and 4 billion marginalized people of color throughout Africa will die as a result of this travel ban. Biden has said he may make some exceptions for travelers who are "clean and articulate."

Trump To The Rescue: Trump Travels Back In Time To Kill More Dinosaurs To Meet Our Fossil Fuel Needs

Politics

November 24th, 2021 - BabylonBee.com

PANGEA—With President Biden unable or too sleepy to do anything about the rising gas prices, former President Donald Trump has come to the rescue. He has funded the creation of a time machine so he can go back in time and kill dinosaurs so they can become more fossil fuels.

"It's the best time machine, the greatest," announced Donald Trump as he geared up to kill dinosaurs. "It's the only one with 'TRUMP' written on it in big letters."

Trump says his plan, inspired by famous native American Turok, is to go back somewhere between 6 thousand and 240 million years ago to the time of the dinosaurs and just start killing as many as he can. He says he'll be careful not to step on any butterflies, though, as that could mess up the timeline, but it's "open season on all the dinos."

"The more dead dinosaurs, the more oil—that's how it works," explained Trump.

He then showed off the weapons he was going to bring: a bow and arrow for traditional dinosaur hunting; some piano wire in case he wants to strangle a few dinosaurs silently; and weaponry for larger dinosaurs. "I thought I would need silver bullets, because that's a T-Rex's weakness," said Trump. "But it ends up I was thinking of werewolves. A T-Rex's weakness is a LAW rocket launcher."

Some have criticized Trump's plan, though, pointing out that all the dinosaurs would die anyway, so going back and murdering them doesn't do anything. Also, they pointed out that crude oil actually comes from the remains of long-dead algae and zooplankton. Trump called all of these people nerds and gave them wedgies before hopping into his time machine, ready for an orgy of dino murder.

Clever Business Owners Ward Off Looters With Kyle Rittenhouse Scarecrows

U.S.

November 23rd, 2021 - BabylonBee.com

SAN FRANCISCO, CA—Small business owners have devised a clever solution to the mostly-peaceful looting problem that has plagued retail stores in the nation's democrat-run cities.

Standing near a Kyle Rittenhouse scarecrow outside her fifth-generation vintage VCR boutique, Reeba Hastings said, "We're already seeing positive results from this bad boy. Just yesterday, a flash mob of fifty looters was ready to pilfer my precious vintage VCRs, but one look at this scarecrow and they scattered like politicians from a polygraph machine!"

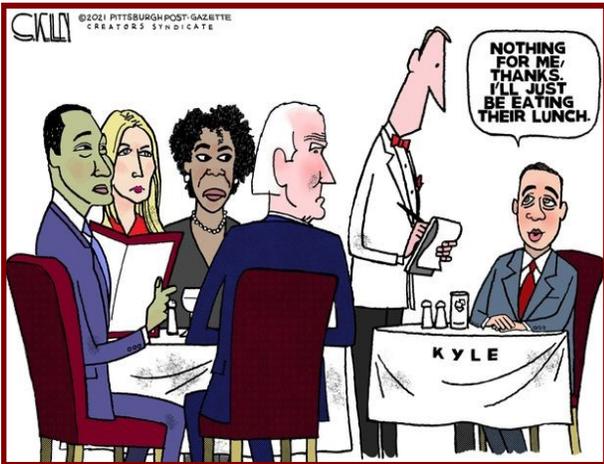

However, some have pointed out the scarecrow's downside. One store owner complained that, while scaring off potential looters, they tended to lure unemployed communist Antifa activists from out of their parents' basements and into the streets.

"The commies are perfectly harmless when near the Kyle Rittenhouse scarecrows," said the store owner, "One of them kept trying to hit the life-size replica of our national hero, but kept missing and punching himself in the face over and over."

The scarecrows also reportedly cause celebrities to lose their minds and froth at the mouth.
