Porter County Republicans The Eagle Eye

Volume 5, Issue 1

January 2022

Chairman's Comments

Fellow Republicans —

HAPPY NEW YEAR!!! As we begin this brand-new year, I want to wish all of you many, many blessings for 2022. Though the CCP Virus scourge continues to dominate the news cycle and create issues and hurdles within our lives, I am ever hopeful that we will persevere and come out stronger and more resolute.

There are lots of things happening with the 2022 elections, especially here in Porter County. Filing for office opens on January 5th and for a majority of offices you may file for, you can file at the Elections and Registration Office on the lower level of the County Administration Building, 155 Indiana Ave., Suite 105 in Valparaiso. The office is open from 8:30 am till 4:30 pm, Monday through Friday (please click [HERE](#) to check the county website for complete details). Please note that filing ends on Friday, February 4th at 12:00 p.m.

As we gear up for the 2022 elections, I want to encourage all of you to be proactive and engage your friends, co-workers, neighbors and strangers on the street. This election is all about our economic, social and personal freedoms. It is truly about public safety, respect and the rule of law.

We begin our new year, with the opportunity for new beginnings and change, change for the positive, change for good and change for the better. A new year with the Republican Party espousing individual liberties, personal freedom, personal responsibility, free speech, fiscal responsibility, limited government, responsible government and a government that answers to the voters. We should expect this out of every candidate/office holder.

A complete list of elective offices appears on page 2 of this newsletter. We will all have to work hard to maintain and increase our Republican presence this year and in the years ahead. I look forward to working with all of you.

Michael Simpson, Chairman

In Stunning Blow To Democracy, Legislation Decided By Majority Of Elected Representatives

Politics

December 20th, 2021 - BabylonBee.com

WASHINGTON, D.C. — In a catastrophic blow to democracy with disastrous consequences sure to ripple throughout the free world, a majority of democratically-elected representatives decided against legislation proposed by other democratically-elected representatives.

"This is the end of democracy as we know it," said House Speaker Nancy Pelosi, for the 486th time since 2016. "It's unfathomable that the American people would allow such egregious destruction of our country's democratic foundations by allowing the majority of elected representatives to represent them through legislative action."

President Biden, responding to the subversive circumvention of democracy by following the proven process outlined in the U.S. Constitution, said, "I'll tell you what, this is the worst thing since Corn Pop did the thing. The only way to save democracy now is by squashing liberties with the heavy hand of a powerful, centralized government."

In response to the tyrannical democratic legislative process spearheaded by the West Virginia despot Joe Manchin, Alexandria Ocasio-Cortez authored a bill proposing that his state be absorbed by East Virginia.

CNN Praises Biden For Causing Sun To Rise In East This Morning

U.S.

January 21st, 2021 - BabylonBee.com

U.S.—CNN and other media outlets praised President Biden for causing the sun to rise this morning.

"The sun rose again this morning after a long absence," said CNN anchor Don Lemon. "As the sunlight peaked over the mountains, bathing the earth in its warm, shimmering light, like the loving embrace of America's new president, I felt a tingling sense of bubbling peace spring up in my soul and shoot out my fingertips as if I were an empty vessel being filled with some kind of intergalactic energy source used to power alien spaceships. I am a soul reborn. America has been made anew."

According to every credible journalist on TV, President Biden has ushered in an era of hope and light after 4 years of darkness.

Chris Cuomo, in a morning address to the nation, echoed these sentiments, saying: "The midnight rains have washed away the hate and division of the past, like that one scene in *The Lion King* where Simba roars and Pride Rock is restored to its former glory. As my spirit briefly reflected on the pain and darkness of the last 4 years, I shed a single tear. The restoring rain, falling from the open skies, washed my tear away, never to be seen again. Hope has been reborn, and its name is Joe Biden."

Cuomo then went on to promise he would do his duty and cover the Biden Administration with the same journalistic toughness he had with the Trump Administration.

Some scientific experts contested the idea that Biden had actually caused the sun to rise, instead suggesting that journalists had never bothered to notice the sunrise over the last 4 years because they were so preoccupied with how much they hated Trump.

The scientific experts were quickly dismissed as bigots and have since been suspended from Twitter.

It's Official: New White House Dog To Be Named Karl Barx

Politics

December 21st, 2021 - BabylonBee.com

WASHINGTON, D.C.—Move over, Chairman Meow! The Biden family has brought an adorable puppy into their family, and have decided to name this "pawesome" pal Karl Barx, after the brilliant economist Karl Marx, who inspired many of Biden's policies during his flawless first year as President.

"We are so happy to welcome Karl Barx into our happy, non-dysfunctional family," said First Lady Dr. Jill Biden, Esquire, as her husband showed their fur baby the proper way to chew on slippers. "Our new pup has really grown into his new name, demanding to control the distribution of the nation's dog food. Simply adorable. I'm a real doctor."

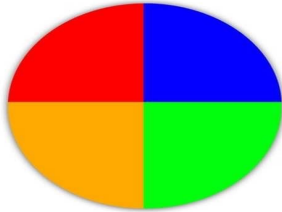

White House staff have already expressed concern over Karl Barx, claiming he growls at anyone in a leadership position until they give him whatever he wants but did not earn.

At publishing time, Karl Barx had rallied a pack of stray dogs, affectionately dubbed, "The Pawletariat," by the Bidens, and was leading the pack to violently seize the means of production at the local tennis ball factory.
